3. The DVIR Search – MRVs have the option under DVIR Search tab at the top of the page to search DVIR by Chassis ID. Users can search for a DVIR by various parameters, including the chassis ID number.

The screenshot displays the DVIR (Driver Vehicle Inspection Reporting) system interface. At the top left is the DVIR logo with the text "DRIVER VEHICLE INSPECTION REPORTING". In the top right corner, there are navigation tabs for "DVIR Search" and "Settings", both with dropdown arrows. A red arrow points from the text in the first block to the "DVIR Search" tab. Below the navigation is a breadcrumb trail: "Home / Search DVIR by Chassis ID". The main content area is titled "DVIR INQUIRY VIA CHASSIS". On the left side, there is a search form with the following fields and options: "Chassis ID" (text input), "IANA Location Code" (radio button, selected), "Rail Facility/SPLC Code" (radio button), "SELECT LOCATION/FACILITY" (blue button), "IANA Facility Code / SPLC" (text input), "Start Date" (text input), "End Date" (text input), and "Include NO-DEFFECTS" (checkbox). At the bottom of the form are three buttons: "SEARCH" (orange), "RESET" (yellow), and "CLOSE" (red). On the right side, there is a "SEARCH RESULTS" section. It contains a table with the following columns: "DVIR NO", "INSP DATE", "IEP DOT", "IEP NAME", and "RCD".
